

MOBOTIX

# Your Most Reliable Guard.

Every Day of the Year, in Any Weather.

MOBOTIX smart IP video solutions prevent crime in the most cost-efficient and reliable manner. Experience quality without compromise made in Germany – now with 4 years warranty!

# Benefit from the Unrivaled Reliability of MOBOTIX Outdoor Cameras

## Get the cost-free warranty extension now!

Our robust outdoor cameras are successfully deployed in many applications worldwide, from traffic monitoring to mobile use in transportation and perimeter protection. Every MOBOTIX outdoor camera is produced in Germany in line with the highest quality standards and tested in operation from -30 °C up to +60 °C.

Due to our high level of product quality and reliability we are now pleased to offer a **warranty of 4 years for all outdoor models** for orders placed **by 28 September 2016**.

We encourage you to capitalize on this **extraordinary warranty offer** in order to win new projects now.

This doubling of the manufacturer warranty from 2 to 4 years presents you with a **cost advantage lever of 20%** based on the actual price list (MSRP).

**Order Form:** [www.mobotix.com](http://www.mobotix.com) > Products > Outdoor Promotion 2016

**Conditions Outdoor Promotion 2016:** This offer is valid from 25 May until 28 September 2016 for all orders of outdoor cameras including sensor modules and lens units within newly registered projects confirmed by MOBOTIX. The V15, T25 and thermal models are not part of this promotion.

# Advantages of the MOBOTIX Outdoor Camera System

## ① reliable and cost-efficient

- Failsafe and maintenance free from -30 °C to +60 °C (no moving parts, up to IP66)
- Minimum power consumption (4–5 watts, standard PoE)
- Lowest requirements for IT infrastructure and storage (decentralized architecture)

## ② prevents theft and vandalism effectively

- Extensive event and alarm management already integrated inside the camera
- Almost no false alarms thanks to intelligent motion analysis (MxActivitySensor)
- Two-way audio with built-in speaker and microphone

- Highly detailed videos without motion blur, also in challenging light conditions (e. g. moonlight, < 1 lux)
- Extraordinary image quality even in sun and backlight situations
